APRICOT in General
APRICOT remains the biggest event for APIA. It continues to be recognized as the main AP wide event on Internet related technologies. Its structure allows the simple co-location of other AP Internet related events

It was noted that the cost of organizing the APRICOT differ from country to country. However the cost has been on the rising trend. The cost per attendee was highest in India and Australia. However, the contributing reasons were the cost and the lower number of attendees.

APNIC
As from APRICOT 2012, APNIC who has been a long term financial and infrastructure supporter became co-organiser of APRICOT.

APIA Board continues to meet regularly with the APNIC Executive Council to keep each other abreast on the Association & matters of common interest.

APIA would like to thank APNIC for the strong support received all these years.

APIA Chair, Dr. Philip Smith concluded the Annual Report and open to the floor for any questions.

Ms. Duangthip Chomprang from ISOC commented that there was always the risk of political stability in the host countries. She asked if there was a back up plan should such a situation occur. She will also give a heads up to APIA should she hear of anything in Thailand. Dr. Smith replied that APIA has always used Kuala Lumpur as the back-up host country for the APRICOT and thanked her for her concern.

Mr. Naresh Ajwani commented that APIA could look at lowering the cost of hosting APRICOTs if it could minimize the cost of side events or the need for side rooms etc. Dr. Smith informed him that the hosting is now awarded two years in advance. By booking and confirming the booking the venue earlier, the host can save a lot of money. APIA is also keeping close track of the host budget and advises against unnecessary expenses.

As there were no other questions, the motion to accept the Annual Report was proposed by Mr. Naresh Ajwani and seconded by Mr. Randy Whitney.

After the acceptance of the Annual Report, Dr. Smith invited Treasurer, Mr. Gaurab Upadhaya to present on the Financial Report and then table APIA’s Budget for year 2012.
4. FINANCIAL REPORT 2011

Treasurer, Mr. Gaurab Upadhaya highlighted the following:

**Balance Sheet**
- During the year, APIA open a Singapore Dollar denominated Checking Account to handle day to day operational expenses
- All Time Deposits are in Euros and there has been no change in amount placed. The reduction in value is due to foreign exchange rate fluctuation
- Cash balances increased as APIA collects Sponsorship money on behalf of the local host. Corresponding to this, the Accounts Payable in year 2011, which represents mostly sponsorship money collected on behalf of the APRICOT 2012 Host & Advance from ISOC has also increased.
- Other Current Liabilities include Membership Fees for year 2012 collected in year 2011 & Fees payable to Secretariat

**Statement of Income & Expenditure**
- APIA made a loss of USD11K as compared to the budgeted loss of USD14K.
- The losses were mainly contributed by the depreciation of the Euro compared to USD.

**APRICOT 2012 P & L**
- The cost of hosting the APRICOT 2012 was close to USD700K.
- The major cost items include venue & F & B cost and the cost of engaging a Professional Conference Organiser
- The shortfall of the budget were underwritten by both the host and co-host

At the end of the Financial report, Mr. Upadhaya invited questions from the membership.

Mr. Naresh Ajwani commented that more should be done to create awareness of the APRICOT to ensure good attendance to the event since so much money is spent on the event. He suggested that the committee look at a better advertising and marketing campaign to achieve this.

The Financial Report was then accepted as proposed by Mr. Naresh Ajwani and seconded by Mr. Randy Whitney.
5. **APIA BUDGET FOR YEAR 2012**

Mr. Gaurab Upadhaya highlighted to the meeting that:

- The Budget was adopted by the APIA Board in its meeting held on 27 February 2012
- The objective then was to set a balance budget.
- Looking at the EU crises and the falling Euro, APIA may have a challenge achieving this.

Mr Naresh Ajwani agreed with Treasurer that APIA should try to balance its budget and not run at a deficit each year.

As there were no questions on the budget, Mr. Upadhaya concluded his Financial reporting and handed the floor back to the Chair to continue with the AGM Agenda.
